## Onion Tank

#OT3000/OT5000/OT10000/  
OT20000/OT30000/OT50000/

PVC Products' onion tanks for potable water are made of PVC-coated polyester fabric. The PVC-coating is non-toxic and approved by official bodies for use in transport and storage of drinking water. The tanks are manufactured to withstand high UV-intensity.

### Product description:

|                           |   |
|---------------------------|---|
| Capacity:                 | 3.000 / 5.000 / 10.000 / 20.000 / 30.000 / 50.000 litres  |
| Inspection:               | 4" threaded flange w/PVC lid  |
| Filling/Discharge:        | 2" PVC ball valve w/2 inch internal pipe thread fitted with aluminium Guillemin male adaptor  |
| Material:                 | PL-P-524 (Protan Quality 524)   |
| Size:                     | 2,2x1,0 / 2,8x1,0 / 3,6x1,0 / 5,5x1,0 / 6,75x1,20 / 8,0x1,1,0 m (dia x height)  |
| Weight:                   | 20 - 100 kg   |
| Installation/maintenance: | Instruction for installation and repair set with instruction for Maintenance, small repairs and cleaning procedures are packed with each tank |
| Packing:                  | Onion tank is folded and put in a wooden crate  |
| Storage:                  | To be stored in a dry area and shielded from rain and water   |
| Options:                  | Camlock or Storz can replace Guillemin couplings  |
| Shipping data:            | Wooden crate: 1 Onion tank<br>Weight per crate: 30 - 156 kg   |

*PVC Products is a one-stop supplier with more than 20 years experience within deliveries, implementation and field training for the aid and relief market.*

## Pillow Tank

# PT1500/PT5000/PT10000

PVC Products' pillow tanks for potable water are made of PVC-coated polyester fabric. The PVC-coating is non-toxic and approved by official bodies for use in transport and storage of drinking water. The tanks are manufactured to withstand high UV-intensity.

### Product description:

# PVC Products Water Purification System

#LPWPS

The PVC Products Water Purification System is a stand alone, self-contained water purification system primarily designed for use in emergencies. Can be mounted on trailer or truck.

The system is capable of supplying up to 20 000 litres of safe drinking water per hour, making it ideal for refugee camps and small villages.

Can be set up quickly in field. Minimal training required for operation.

## Product description:

|                           |  |
|---------------------------|--|
| Capacity:                 | 4 000 / 6 000 / 10 000 litres per hour (on skid)<br>15 000 / 20 000 litres per hour (mounted on trailer)   |
| Included:                 | Suction filter (strainer)<br>Diesel driven pump (electrical motor, optional). Diesel fuel not included.<br>Flocculation unit<br>Coagulation unit<br>Sand filter<br>Activated carbon filter<br>Chlorine dosing unit<br>Hoses<br>Test kit for pH, chlorine and turbidity<br>Operation manuals (Engineer's manual and User's field manual)<br>Chemicals for 1200 hours operation are included<br>Spare parts for pump maintenance and overhaul included |
| Packaging (4 000 litres): | The system is packed in wooden crates and shipped on euro pallets.<br>One complete system fits onto two euro pallets, height of 1.35m.<br>Pallet 1 mass: 222 kg. Pallet 2 mass: 322 kg.  |

## ICT Tool Kit

#icttoolkit

The ICT Tool Kit has been developed in cooperation with Telecom Technicians at the United World Food Programme.

The tool kit contains two tailor-made cases with high quality tools, one electrical drill and one battery drill.

The tool kit has been delivered to several UN-organizations like WFP, UNICEF, WHO, IOM, UNHCR, UNOG and UNDP.

### Product description:

#### Case A:

Hacksaw with Blades  
 Measuring tape  
 Clamp Meter  
 Crimping Pliers ABIKO CCC 2511/  
 ABIKO DCC 1113  
 Allen key wrench  
 Screwdriver, watchmaker  
 Soldering wire  
 Tapestry knife  
 Torch, LED  
 Head lamp, LED  
 Level  
 VDV Multimedia Tester  
 Compass, compact sighting  
 Survey-, Sight- and Clino Master  
 Screw bits Torx  
 Screwdrivers, flat, different sizes  
 Screwdrivers, Philips, different sizes  
 Screwdrivers, STUB different types  
 Soldering Iron, Gas  
 Soldering Iron 12V  
 Dummy Load  
 Mini-VNA, Antenna analyzer  
 Adaptor Kit for RS TYPE VHF/UHF/HF  
 SWR Meter

#### Case B:

Socket set with 3/8 square  
 Combination spanners  
 Hammer, carpenter  
 Knife with sheath  
 Conecut drill  
 Files, different types w/handle  
 Pliers, different types  
 Pliers, water pump  
 Adjustable Wrenches  
 Screw bits, titanium coated  
 Twist drill, cobalt in box  
 Crimping pliers, RJ11/RJ45

#### Drills:

Battery drill/screwdriver  
 Electrical drill  
 Concrete drill bits  
 Adapter, and Keyless-chuck up  
 to 13 mm

| Absorbent:       | 2 pcs 40 x 70 cm, capacity 3 ltr/pcs  | -   |
| Storage:         | The bags are delivered rolled up. To be stored in normal storage temperature. | The bags are delivered folded and packed in bags. To be stored in normal storage temperature. |

*PVC Products is a one-stop supplier with more than 20 years experience within deliveries, implementation and field training for the aid and relief market.*

High quality PVC products with longevity  
Over 20-years experience  
Long term agreement with UNICEF and WFP  
Produced in Norway

## Our products/services:

- ✓ Field service/training.
- ✓ Equipment for safe drinking water:
  - Water purification units from 4m<sup>3</sup> to 20 m<sup>3</sup>/hour
  - Pillow tanks, onion tanks for safe water storage
  - Truck tanks and tap stands for distribution of safe water
  - Complete WASH kit.
- ✓ Sanitation, latrines/squatting plates
- ✓ Various tool kits:
  - ICT tool kit
  - Electrician tool kit
  - Engineer tool kit
  - Digging tool kit
  - Construction tool kit
  - Carpenter tool kit
- ✓ Body bags, approved for air transport
